

Hebrew school for children between the ages of 4-13 in Utrecht

Our Hebrew school “Talmoed Tora” offers a positive and lively Jewish atmosphere!

What are classes like?

Classes at Talmoed Tora are small, and lessons are both fun and educational. We want everyone to feel comfortable and welcomed.

The teachers are committed to providing positive Jewish experiences for the children, who work in groups according to age and ability.

What do children learn?

Through storytelling, song, drama and arts, your child will learn about subjects such as:

Shabbat & holidays | Jewish life | Jewish history

For example: How do you celebrate shabbat? Why do we dip apples in honey on Rosh Hashanah?

What is kosher food? What happened to the Jewish people in Egypt? How does the Hebrew calendar work?

Hebrew

Young children get acquainted with Hebrew through song, crafts and play.

For older children, we use a colorful book with a wide range of exercises, games and stories.

Israel

The youth worker from Israel joins us a few times a year to teach the children about life in the Holy Land.

Practical Information

Talmoed Tora is part of the Liberal Jewish Community of Utrecht, located in the city center.

Lessons take place once or twice a month on Sundays between 10:00 and 12:00.

We welcome all Jewish children between 4 and 13 years of age.

Please contact us for more information on the program, to make an appointment or to offer a comment or suggestion: talmoedtora.utrecht@gmail.com

What else does the Liberal Jewish Community of Utrecht offer?

- Lessons end at 12:00 - after that children and parents that would like to familiarize themselves with the prayers can attend a short service of approximately 10 minutes at our synagogue.
- Children between the ages of 11-13 can attend a special program about the Shoah. These lessons take place every year in January and are organized by the education department of the Jewish Historical Museum in Amsterdam. It is a good way to learn about this dark chapter of our history with other Jewish children from The Netherlands.
- Once a year in May, we organize an Education Weekend Camp for all children over 6 that are enrolled in Hebrew schools at a Liberal Jewish Community in The Netherlands. From Friday afternoon until Sunday afternoon, they make new Jewish friends, have a great time while celebrating shabbat together and experience a sense of community.
- During a child's last year at Talmoed Tora, we offer bar and bat mitzvah preparation.
